

FW-1000 Floor Linear Winding Machine

The FW-1000 is a big heavy duty floor winder, with a welded iron body. This design is for very heavy applications with very strong wire.

Required speed and torque range can be easily changed by the 3 step switch gear box. The FW-1000 is a very strong universal winding machine with more than 2400 Nm on the spindle. Typical applications are winding jobs with very large winding diameter and multi flat wire windings.

The controller is available in all languages. The programs can be easily created by a 10,4" touch screen. The machine has USB connection for import or export of winding programs. The programs can also be read and created by Excel. A connection to a network is possible, as well an internet connection by a modem for remote system check of our service personal.

A wide range of accessories are available for this machine too.

TECHNICAL DATA:

Wire range	upto 600 mm ²
Traverse length.	2250 mm
Max. coil diameter	1150 mm
Max. pitch	99 mm
Drive motors.....	2 Servos
Main motor brushless	10 Kw
Traverse motor brushless	1 Kw
Switch gear box.....	3 Step
Program display	10.4 "Colour
Display	Touch Screen
PC connection	Yes
Downloading prog.	USB
Software languages.....	All Languages
Accuracy of pitch.....	0,001 mm
Weight approx.....	3600 Kg
Supply voltages.....	3ph 400 V / 50A
