

ACCESSORIES

P/N: KWM-PLE-Z01

Standard take off unit for carrier material

P/N: KWM-PLE-Z03

Take up unit with traverse device

P/N: KWM-PLE-Z05

Brake tension unit for fibre carrier material

P/N: KWM-PLE-Z06

Detwisting unit with take up and traverse device

P/N: KWM-PLE-Z07

Cutting device

P/N: KWM-PLE-Z08 and
P/N: KWM-PSE-Z08

Automatic resistance controller

P/N: KWM-PLE-Z09

Separate transport machine

P/N: KWM-PLE-Z0 and
P/N: KWM-PSE-Z0

Overhead take off unit for fibre carrier material

P/N: KWM-PSE-Z13

Take off unit for copper insertion wire and insertion device

P/N: KWM-PLE-Z14 and
P/N: KWM-PSE-Z02

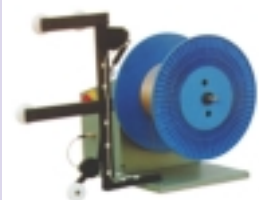

Motorized take up unit AAU-P with auto speed control

P/N: KWM-PSE-Z04

Resistance measuring unit up to 12 meter length

P/N: KWM-PLE-Z11 and
P/N: KWM-PSE-Z05

Motorized take off unit AAB-P with auto speed control

P/N: KWM-PLE-Z13

Wire straightening unit for metal carrier material

P/N: KWM-DET

Detection cutter for extruded cables

P/N: *KWM-PLE-2B

Machine model 2B with winding head for 2 wire spools

Special purposes

Machine with Winding head for 4 wire spool
